THE METAL ARTS COMPANY

Offers You Complete 3-Dimensional Cast or Fabricated METAL LETTERS

These are standard letter styles; plus metal letters designed to fit your special requirements. The entire alphabet in each of our standard style letters is reproduced in exact scale in this booklet.

The handsome everlasting signs that can be produced with these letters are outstanding for their display value and their superb craftsmanship.

Architects, display specialists, general contractors, advertising men, industrialists and retailers have found that these beautiful raised letters lend themselves to a wide variety of practical uses.

Three dimensional metal letters have distinct advantages over other kinds of signs:

- **3-D LETTERS ARE PERMANENT** - will last as long as the building on which they are mounted.
- **3-D LETTERS REQUIRE PRACTICALLY NO MAINTENANCE** - the first cost is the only cost.
- **3-D LETTERS BOAST GREATER ATTENTION VALUE** - they stand out stronger than other types of signs.
- **3-D LETTERS ARE ATTRACTIVE** - they add to the appearance of your building.

Besides our many styles of 3-D letters in metal, we also make tablets, plaques, name plates and other specialty items you'll find listed in this booklet. May we suggest that you keep this booklet in your files for ready reference.

All letters and other items are in either aluminum, bronze, or stainless steel.

Metal Arts Company
3131 N. 31st Street
Milwaukee 16, Wisconsin

PLAQUES AND TABLETS

Show here are just a few of the many distinctive plaques and tablets produced by our metal working craftsmen. Adaptations of design, size, content and finish are virtually unlimited. All tablets and plaques are made to your exact specifications, or if you desire, we can furnish an original design to suit your requirements.

Plaques lend distinction to entrances.

Bank plaque with figure shows endless varieties that can be designed for your particular business.

A round plaque, another one showing infinite variety in shapes and designs made to your specifications.

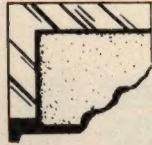

Plaque, with lettering only, designed for a hospital.

Plaque, with lettering made for a U. S. Post Office building.

BORDERS

Here are just a few of the many distinctively styled border designs available for our plaque tablets.
